

## CME INFORMATION

### CVI 2020 Webinar Series: Advanced Techniques to Cross Complicated and Calcified Femoropopliteal CTOs- Case Based Discussion October 22, 2020 – October 22, 2021

#### **TARGET AUDIENCE**

This activity has been designed to meet the educational needs of cardiologists, surgeons, internists, trainees, investigators, and allied health care workers who participate in the care of patients with coronary, peripheral, and structural cardiovascular diseases.

#### **EDUCATIONAL GOAL**

The goal of this activity is to provide participants with knowledge and state-of-the-art management information on how to evaluate and treat patients with coronary artery disease, peripheral vascular disease, and valvular, structural heart and arrhythmic heart disease.

#### **LEARNING OBJECTIVES**

- Describe alternative access for treating CTOs
- Explain CTO algorithms
- Discuss wire escalation and techniques from crossing long CTOs
- Identify alternative crossing approaches for long chronic CTOs

#### **ACCREDITATION**

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of *CMEsolutions* and Cardiovascular Innovations Foundation. The *CMEsolutions* is accredited by the ACCME to provide continuing medical education for physicians.

The *CMEsolutions* designates this enduring internet activity for a maximum of 1 *AMA PRA Category 1 Credits*.™ Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Start Date:** October 22, 2020

**End Date:** October 22, 2021

#### **FEES**

There is no registration fee for this activity.

#### **PARTICIPATION REQUIREMENTS**

1. View webinar
2. At the end of the webinar, login to:  
<https://online-med-edu.com/cvi2020/webinar/femocto>
3. Complete the Evaluation/Credit Request Form-No credit requests will be accepted after October 22, 2021

#### 4. Download or Print Credit Statement

#### **FACULTY AND DISCLOSURES**

*CMEsolutions* requires everyone in a position to control the content of this activity to disclose any relevant financial conflict of interest they may have as related to the content of this activity. All identified conflicts of interest are thoroughly vetted by *CMEsolutions* for fair balance, scientific objectivity of studies mentioned in the materials or used as the basis for content, and appropriateness of patient care recommendations. *CMEsolutions* has resolved all conflicts of interest prior to this educational activity.

#### ***Subhash Banerjee, MD***

Chief of Cardiology, VA North Texas Health Care System  
Dallas, TX

Sudhash Banerjee has disclosed the following relevant financial relationships: AstraZeneca-Speaker Bureau; Boston Scientific-Institutional Research Grant; Livmore-Consultant.

#### ***Jun Li, MD***

Cardiology-Interventional Cardiology, Cardiology-Vascular Medicine, University Hospitals Parma Medical Center  
Parma, OH

Jun Li has disclosed the following relevant financial relationships: Abbott Vascular, Abiomed, Medtronic, Terumo Medical-Consultant

#### ***Miguel Montero-Baker, MD***

Associate Professor of Surgery, Division of Vascular Surgery and Endovascular Therapy, Baylor College of Medicine  
Houston, TX

Miguel Montero-Baker has no relevant financial relationship to disclose.

#### ***Mehdi Shishehbor, DO, MPH, PhD***

Director, Cardiovascular Interventional Center, University Hospitals Cleveland Medical Center  
Cleveland, OH

Mehdi Shishehbor has no relevant financial relationship to disclose.

#### ***Peter Soukas, MD***

Director, Vascular Medicine & Interventional PV Lab, Brown Medical School  
Providence, RI

Peter Soukas has no relevant financial relationship to disclose.

#### **Planner Disclosures**
