

CME INFORMATION

CVI 2021 Webinar Series: Modifying Peripheral Artery Compliance During Endovascular Intervention: Lessons Learned January 14, 2021 – January 14, 2022

TARGET AUDIENCE

This activity has been designed to meet the educational needs of cardiologists, surgeons, internists, trainees, investigators, and allied health care workers who participate in the care of patients with coronary, peripheral, and structural cardiovascular diseases.

EDUCATIONAL GOAL

The goal of this activity is to provide participants with knowledge and state-of-the-art management information on how to evaluate and treat patients with coronary artery disease, peripheral vascular disease, and valvular, structural heart and arrhythmic heart disease.

LEARNING OBJECTIVES

- Describe current tools for crossing complex tibial occlusions
- Outline the role of DES in tibial disease
- Describe when atherectomy is indicated for tibial disease
- List alternative therapies for tibial disease treatment

ACCREDITATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of *CMEsolutions* and Cardiovascular Innovations Foundation. The *CMEsolutions* is accredited by the ACCME to provide continuing medical education for physicians.

The *CMEsolutions* designates this enduring internet activity for a maximum of 1 *AMA PRA Category 1 Credits*.™ Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Start Date: January 14, 2021

End Date: January 14, 2022

FEES

There is no registration fee for this activity.

PARTICIPATION REQUIREMENTS

1. View webinar
2. At the end of the webinar, login to:
<https://online-med-edu.com/cvi2021/webinar/artery/>

3. Complete the Evaluation/Credit Request Form-No credit requests will be accepted after January 14, 2022
4. Download or Print Credit Statement

FACULTY AND DISCLOSURES

CMEsolutions requires everyone in a position to control the content of this activity to disclose any relevant financial conflict of interest they may have as related to the content of this activity. All identified conflicts of interest are thoroughly vetted by *CMEsolutions* for fair balance, scientific objectivity of studies mentioned in the materials or used as the basis for content, and appropriateness of patient care recommendations. *CMEsolutions* has resolved all conflicts of interest prior to this educational activity.

Subhash Banerjee, MD

Chief of Cardiology, VA North Texas Health Care System
Dallas, TX

Subhash Banerjee has disclosed the following relevant financial relationships: AstraZeneca-Speaker Bureau; Boston Scientific-Institutional Research Grant; Livmore, Inc.-Consultant

Matthew C. Bunte, MD

Director of Vascular Medicine, Saint Luke's Mid America Heart Institute
Lee's Summit, MO

Matthew Bunte has no relevant financial relationships to disclose.

Venita Chandra, MD

Clinical Associate Professor of Surgery, Stanford University
Stanford, CA

Venita Chandra has disclosed the following relevant financial relationships. Medtronic, Shockwave, Cook-Consultant

Lawrence A. Garcia, MD

Chief, Section Interventional Cardiology and Vascular Interventions, Steward St. Elizabeth's Medical Center
Boston, MA

Lawrence Garcia has disclosed the following relevant financial relationships: Abbott, BSC, Covidien/Medtronic- Consultant, Research Grant; Philips, Syntervention, Arsenal-Consultant

Sahil A. Parikh, MD

Associate Professor of Medicine, NY Presbyterian/Columbia University Medical Center
New York, NY

Sahil Parikh has no relevant financial relationship to disclose

Mehdi Shishehbor, DO, MPH, PhD

Director, Cardiovascular Interventional Center, University Hospitals Cleveland Medical Center
Cleveland, OH

Mehdi Shishehbor has disclosed the following relevant financial relationships: Abbott Vascular, Boston Scientific Corporation, Medtronic, Philips, and Terumo- Advisory Board
