

CME INFORMATION
CVI Webinar: The Science Behind a Valve for Life
May 27, 2021 – May 27, 2022

TARGET AUDIENCE

This activity has been designed to meet the educational needs of interventional cardiologists.

EDUCATIONAL GOAL

The goal of this activity is to provide participants with education regarding the treatment options for patients suffering from severe Aortic Stenosis.

LEARNING OBJECTIVES

- Recall effects of valve design on hemodynamics and durability
- Describe different methods of tissue preservation for prosthetic valves
- Describe current data on long-term durability of transcatheter and surgical prostheses

ACCREDITATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of *CMEsolutions* and Cardiovascular Innovations Foundation. The *CMEsolutions* is accredited by the ACCME to provide continuing medical education for physicians.

The *CMEsolutions* designates this enduring internet activity for a maximum of 1 *AMA PRA Category 1 Credits*.™ Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Start Date: May 27, 2021

End Date: May 27, 2022

FEES

There is no registration fee for this activity.

PARTICIPATION REQUIREMENTS

1. Participate in webinar
2. Login to: <https://online-med-edu.com/cvi2021/webinar/science>
3. Complete the Evaluation/Credit Request Form
4. Download or Print Credit Statement

FACULTY AND DISCLOSURES

CMEsolutions requires everyone in a position to control the content of this activity to disclose any relevant financial conflict of interest they may have as related to the content of this activity. All identified conflicts of interest are thoroughly vetted by *CMEsolutions* for fair balance, scientific objectivity of

studies mentioned in the materials or used as the basis for content, and appropriateness of patient care recommendations. *CMEsolutions* has mitigated all conflicts of interest prior to this educational activity.

Paul Sorajja, MD

Cardiologist, Minneapolis Heart Institute at Abbott Northwestern Hospital
Minneapolis, MN

Has disclosed the following relevant financial relationships: Abbott Vascular-Consultant, Research Grant, Speaker Bureau; Medtronic, Boston Scientific-Consultant, Research; Edwards Life Sciences, Admedus-Consultant

Samir Kapadia, MD

Chairman of the Department of Cardiovascular Medicine, Cleveland Clinic
Cleveland, OH

Has disclosed the following relevant financial relationship: Navigate-Stocks

Michael Mack, MD

Medical Director, Cardiothoracic Surgery, Baylor Scott & White Health
Dallas, TX

Has disclosed the following relevant financial relationships: Edwards Lifesciences-Trial PI; Medtronic-Study Chair; Abbott-Trial PI

Michael J. Reardon, MD

Allison Family Distinguished Chair of Cardiovascular Research, Department of Cardiovascular Surgery,
Houston Methodist Physician Organization
Houston, TX

Medtronic, Boston, Scientific, Abbot Medical, Anteris-Consultant

Bernard Prendergast, MD

Consultant Cardiologist, Guy's and St. Thomas Hospital
London, UK

Has disclosed the following relevant financial relationships: Abbott, Edwards Lifesciences-Speaker; Anteris-Consultant

Planner Disclosures

No member of *CMEsolutions* or Cardiovascular Innovations Foundation has any relevant financial relationships to disclose.

Off-label Use

This activity may contain discussion of unlabeled and/or investigational uses of agents not approved by the FDA. Please consult the prescribing information for each product.
