

CME INFORMATION
Cardiovascular Innovations 2022
July 21-23, 2022

TARGET AUDIENCE

This activity has been designed to meet the educational needs of cardiologists, surgeons, internists, investigators, nurses, nurse practitioners, physician assistants and allied health care staff who participate in the care of patients with coronary, peripheral, and structural cardiovascular diseases.

EDUCATIONAL GOAL

The goal of this activity is to provide participants with knowledge of new and advanced PCI techniques to determine which patients are suitable for treatment and to assist in the recognition and treatment of potential complications associated with such procedures.

LEARNING OBJECTIVES

- Recall indications, techniques, outcomes, and complications for transcatheter valve intervention in patients with native valve lesions and dysfunction valve prostheses
- Evaluate current strategies for the prevention and treatment of complications of coronary, peripheral, and structural interventions
- Describe the advantages and pitfalls of comprehensive imaging techniques for patients with structural heart disease such as cardiac computed tomography, magnetic resonance imaging (MRI), and echocardiography

ACCREDITATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of *CMEsolutions* and Cardiovascular Innovations Foundation. The *CMEsolutions* is accredited by the ACCME to provide continuing medical education for physicians.

The *CMEsolutions* designates this live activity for a maximum of 16.50 *AMA PRA Category 1 Credits*.™ Physicians should claim only the credit commensurate with the extent of their participation in the activity.
