

THE IMAGER AND THE INTERVENTIONALIST – PART 4

THURSDAY, OCTOBER 13, 2022

8 PM CT / 9 PM ET

CME INFORMATION

TARGET AUDIENCE

This activity has been designed to meet the educational needs of cardiologists, surgeons, internists, trainees, investigators, and allied health care workers who participate in the care of patients with coronary, peripheral, and structural cardiovascular diseases.

LEARNING OBJECTIVES

- Identify optimal imaging techniques for transcatheter structural therapy.
- Describe pitfalls of ECO vs. CT by FLUORO for procedural guidance
- Explain methods for coordinating procedural care to improve efficiency.

ACCREDITATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of *CMEsolutions* and Cardiovascular Innovations Foundation. The *CMEsolutions* is accredited by the ACCME to provide continuing medical education for physicians.

The *CMEsolutions* designates this enduring activity for a maximum of 1 AMA PRA Category 1 Credits.™ Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Start Date: October 13, 2022 **End Date:** October 13, 2023
