

Friday, July 19  
Dinner Symposium  
Hyatt Regency Denver

# TRICUSPID REGURGITATION THERAPY RETREAT (TR<sup>2</sup>)

Sponsored by Edwards Lifesciences

## PRESENTATIONS

7:00 PM	<b>Multi-modality diagnostic imaging for the tricuspid valve</b> Scott Chadderdon, MD
7:15 PM	<b>Procedural imaging: TEE and 4D ICE</b> Nadira Hamid, MD
7:30 PM	<b>The clinical rationale for transcatheter tricuspid valve replacement</b> Firas Zahr, MD
7:45 PM	<b>The case for transcatheter tricuspid repair</b> Jason Rogers, MD
8:00 PM	<b>When surgeons are needed for tricuspid therapy</b> Sarah Palmer, MD
8:15 PM	<b>How do I choose repair or replacement?</b> Rahul P. Sharma, MBBS
8:30 PM	<b>Putting it all together in tricuspid practice</b> Philippe G�n�reux, MD

## OBJECTIVES

- 1) Recall indications and outcomes for transcatheter tricuspid therapy
- 2) Describe role of surgery and peri-operative outcomes
- 3) Evoke the diagnostic evaluation and imaging required for transcatheter and surgical therapy

## PANELISTS

**Steve Bolling, MD**  
Professor of Cardiac Surgery  
University of Michigan

**Kiran Belani, MD,  
FASE, FACC**  
Northwestern University  
Feinberg School of Medicine

**Philippe G n reux, MD**  
Medical Director,  
Structural Heart Program  
Gagnon Cardiovascular  
Institute, Morristown  
Medical Center, NJ

**Nadira Hamid, MD**  
Interventional  
Echocardiography  
Valve Science Center,  
Minneapolis Heart  
Institute Foundation  
Abbott Northwestern  
Hospital

## MODERATORS

**Paul Sorajja,  
MD, FACC, FAHA, FSCAI**  
Minneapolis Heart  
Institute Foundation

**Firas Zahr, MD**  
Director of interventional  
Cardiology, OHSU
