

MY MOST INSTRUCTIVE PCI CASE OF THE PAST YEAR

WEDNESDAY, SEPTEMBER 25, 2024

8 PM CT / 9 PM ET

CME INFORMATION

TARGET AUDIENCE

This activity has been designed to meet the educational needs of cardiology interventionalists and allied health care workers who participate in the care of patients with coronary, peripheral, and structural cardiovascular diseases.

EDUCATIONAL GOAL

This educational activity is designed to provide participants responsible for the management of patients with coronary, peripheral, structural, and arrhythmic cardiovascular diseases with case-based examples of novel treatment in these diseases.

LEARNING OBJECTIVES

- Recognize and treat potential complications associated with PCI
- Review new advanced PCI intervention techniques and describe which patients are suitable for minimally invasive or surgical treatments
- Discuss, and evaluate patient PCI cases
