

INTERVENTIONAL OCTAGON

IMAGING AND PHYSIOLOGY- GUIDED PCI

MARCH 6, 2025 – MARCH 5, 2026

**COMPLIMENTARY CME - CERTIFIED
WEBINAR SERIES**

CME INFORMATION

TARGET AUDIENCE

This activity has been designed to meet the educational needs of cardiologists, surgeons, internists, trainees, investigators, and allied health care workers who participate in the care of patients with coronary, peripheral, and structural cardiovascular diseases.

LEARNING OBJECTIVES

- Recognize and treat potential complications associated with PCI
- Describe CT-guided PCI
- Evaluate hemodynamic support for PCI: when and how
- Review new advanced PCI intervention techniques and describe which patients are suitable for minimally invasive or surgical treatments
- Discuss and evaluate complex PCI cases
- Evaluate the role of image guided PCI in coronary intervention
- Discuss the role of coronary DCB in PCI

ACCREDITATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of *CMEsolutions* and Cardiovascular Innovations Foundation. The *CMEsolutions* is accredited by the ACCME to provide continuing medical education for physicians.

The *CMEsolutions* designates this internet enduring activity for a maximum of 1.0 AMA PRA Category 1 Credit.™ Physicians should claim only the credit commensurate with the extent of their participation in the activity.
